

CT1017NF

We Protect People.

High cut resistance, nitrile foam coating for gripping power in dry or oily conditions.

Scan For More Information

- High cut resistance, level 'D'
- Maximum abrasion resistance
- Lightweight and flexible for good movement
- Form fitting ergonomic design
- Nitrile foam palm coating for great dry and oil grip
- Comfortable and dexterous
- Durable and hard-wearing
- Ideal for precision handling tasks

Key Industries

- Aerospace
- Automotive
- Glass
- Manufacturing
- Metal Fabrication
- Recycling

Gauge	18
Liner	Blended filament cut fibre
Coating	Nitrile Foam
Packaging	1 Pair Vend Packed 12 Pair 144 Case
Sizes	7-10
