United Kingdom

Certified to ISO 9001 & ISO13485

declares that the new medical device described hereafter

LATEX GL800

Non-sterile, powdered, natural rubber disposable glove

is in conformity with the provisions of Council Directive 93/42/EEC and with National Standards transposing harmonised standards EN455-1, EN455-2, EN455-3 and EN455-4

is Class I and is self-certified according to the requirements of EC Directive 93/42/EEC and subsequent amendments

Product Information

Glove Care: Store below 40°C away from direct sunlight
Freedom from holes: AQL 1.5
Physical properties: 6N minimum

User Information

This product contains natural rubber latex, which may cause allergic reactions.
This product contains low levels of residual chemical accelerators, which may cause allergic reactions.
This product is powdered with USP Cornstarch to aid donning and comfort.
The combination of USP Cornstarch and latex protein increases the chance of sensitisation and allergic reaction to latex proteins.
