ULTIMATE WORKABILITY

DESCRIPTION

PowerGrab®Thermo W is specifically designed to provide extra warmth and excellent grip performance. Just like other PowerGrab® series, the thumb of PowerGrab® Thermo W is fully coated for protecting vulnerable area.

FEATURES

Extra Warmth

"Two Layer liner" provides more warmth by keeping warm air between the inner and the outer liner. The two layer liner also offers an excellent flexibility, thus increasing productivity.

Safety

Extra coating of thumb area assures the most important aspect, safety.

Grip Performance

With MicroFinish® technology, a soft latex coating promises its performance under dry and wet handling.

Comfort

PowerGrab® Thermo W offers more protection against water penetration. Double coated surface keeps hands clean for water handling.
