Issue Date: 25.03.10

Revision No: 0

MaxiFoam Lite® 34-700

### **Precautions for use**

Before usage, inspect the glove for any defects or imperfections. If a glove is ripped or punctured during use dispose them immediately. Wear an appropriate size and do not wear gloves that are too tight or too loose.

### **Storage requirements**

Store in a cool, dry place which is away from direct sunlight and/or heat. Extended exposure to direct sunlight or excessive heat will reduce shelf life and resulting in fading, discoloration and cracking. Normal anticipated shelf life is 5 years.

### **Disposal**

After the glove has been used it may be contaminated with infectious or other hazardous materials. Please dispose according to local authority regulations.

### **Fire notes**

Gloves will decompose at high temperatures. Extinguish using water, CO2 spray or dry powder.

### **First aid**

Remove contaminated gloves.  
Skin contact: if an allergenic reaction occurs seek medical advice immediately.  
Eye contact; rinse thoroughly with low pressure water. If any prolonged discomfort, seek medical advice immediately.
