

Alaska-GT

Orange Thermal PVC Gauntlet

Product Datasheet

OUR REF: Alaska-GT (T3030_GT)

PRODUCT DESCRIPTION

A bright orange foam insulated gauntlet made from specially formulated PVC which remains flexible at temperatures as low as -20°C. The 3-layer foam insulated liner makes this an extremely warm and comfortable glove for the harshest environments. The gauntlet has a double dipped glove area with non slip coating for improved grip. Good resistance to a range of chemicals and oils. Sanitized® hygiene function brings enhanced freshness, hygiene and odour repellence.

TYPICAL APPLICATIONS:

Cold working in oily/wet conditions, cold stores, fishing, offshore.

NOTE: Not recommended for use with concentrated corrosive liquids.

AVAILABLE SIZES: 9.5

LENGTH: 30cm (12")

PACKAGING: Per Pack: 6 pairs

Per Box: 36 pairs

Technical Details

Care should be taken when removing gloves to avoid any contaminant contacting bare skin.

► The Sanitized® hygiene function brings increased freshness, comfort and protection.

- **Sanitized®:** These gloves incorporate a Biocidal product. The Biocidal treatment protects against a broad spectrum of Bacteria and Fungi. The active Biocidal substance - Zinc Pyrithione - promotes freshness and inhibits odours.
- **Storage:** Gloves should be stored in a cool, dry environment in the original packaging and out of direct sunlight.
- **Maintenance:** Both new and old gloves should be thoroughly inspected before use to ensure no damage is present. Gloves should not be left in a contaminated condition if reuse is intended - if contaminated, gloves should be cleaned as far as possible
