

Kutlass[®] NFX-50Y (K)

Nitrile Foam Coated Glove

Product Datasheet

OUR REF: Kutlass[®] NFX-50Y (K)

PRODUCT DESCRIPTION

A machine knitted blaze yellow hi-vis liner made from high cut resistant fibres blended with nylon and other synthetic yarns to give cut level 5 protection with enhanced comfort and breathability. The high visibility liner offers quick recognition in low light environments. **Sandy nitrile finish** produces exceptional grip in dry, wet and oily situations to produce a high quality, versatile glove for use where secure handling is paramount.

- Available in palm and knuckle coated versions.

TYPICAL APPLICATIONS

Light sheet metal assembly, manufacturing, handling sharp objects, road and railway maintenance, construction.

AVAILABLE SIZES: 7/S • 8/M • 9/L • 10/XL

PACKAGING: Per Pack: 10 pairs

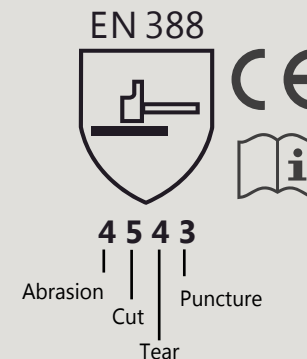

Per Box: 120 pairs

Technical Details

Tested in accordance with EN 388, EC type examination carried out by: SATRA Technology Centre, Wyndham Way, Telford Way, Kettering, Northamptonshire, NN16 8SD, United Kingdom. (Notified Body 0321)

The results are taken from the palm area of the gloves and the uncoated surface may have reduced performance levels.

- **Storage:** Gloves should be stored in a cool, dry environment in the original packaging and out of direct sunlight.
- **Maintenance:** Both new and old gloves should be thoroughly inspected before use to ensure no damage is present. Gloves should not be left in a contaminated condition if reuse is intended - if contaminated, gloves should be cleaned as far as possible
