

## MECHANIC'S GLOVES 4031 – HexArmor GGT5<sup>®</sup> Arctic Gator<sup>®</sup> MECHANIC'S STYLE

### GLOVE DESCRIPTION

Heavy duty mechanic's style glove for the oil and gas industry. The gloves can be used in industry applications where cut resistance and oil grip is needed. But gloves are not to be used with moving or serrated blades and are cut resistant, not cut proof. Protection areas includes palm, with impact protection on the back of hand and a full thermal lining. Protection levels below are measured on protection area from palm area of glove.

### EN420: 2003
