

LATEX GRIPPER GLOVES 85000

USER INFORMATION

Declaration of Conformity:

The EU Declaration of Conformity can be found at www.blackrockworkwear.com/doc

Performance and Limitation of use:

Performance levels are applicable to the whole glove

This glove has a high tear resistance and should not be worn where there is a risk of entanglement in moving machinery

X: indicates that the glove has not been submitted to the test or the test method appears not to be suitable for the glove design or material

O: indicates the glove falls below the minimum performance level for the given individual hazard

Sizing:

8/M – 11/XXL

Inspection before and after use:

Before use, inspect the glove for any defects or imperfections

Storage:

Store in a dry, cool place away from direct sunlight

Cleaning:

Clean with a damp cloth to remove excess contamination.

Performance levels may be affected by laundering.

Date of Obsolescence:

If stored correctly, the mechanical properties will not change.

The glove's lifespan cannot be specified as it depends on the applications and the user.

EN388:2003
