EN388:2003**

Test	Performance Level
Abrasion	2
Blade cut	2
Tear	2
Puncture	1

Minimal Risk

User Information

Glove care: To get the best service from your gloves ensure that after use all contaminant is removed.

Storage: store in dry conditions away from direct sunlight and heat.

You are advised to retain this packaging for reference.

Protection levels apply to the palm of the glove only.

Note: Should not be worn where there is a risk of entanglement with moving machinery.

Range Available: sizes and codes

Size	7	8	9	10
		B6984		
		B6985		
		B8691		

Note: Under section 5.1.3 of BSEN420:2003+A1:2009 these gloves are designed under "fit for special purpose" meaning this is the purpose that requires the overhaul length to be outside of the standard parameters.

Approved, 08/03/18
