

Pawā PG400

Thermolite® Glove

THERMOLITE®

They say a warm glove with high dexterity and great grip can't exist. It does now. Pawā presents the unique PG400 using Thermolite® fibre technology, providing protection against cold from a thin, single layer material! The glove features a ¼ dipped latex grip which remains supple in cold conditions, allowing workers to perform to their maximum.

Product Details

- Thermolite® liner provides superior warmth in cold conditions
- The thinnest EN 511 level 2 glove on the market!
- Knuckle coated design offers extra protection
- High levels of dexterity
- Hard-wearing coating provides protection from abrasions and punctures
- Keeps hands warm and provides excellent grip and dexterity across a range of challenging applications
