

# User Information Sheet

## Technical Arm Protection

Product	Code	Size Range	EN388:2016
TS1 Sleeve	TS1	ONE SIZE	134XC
Wristex Cuff	TAGW17	ONE SIZE	4X44F
Wristex Cuff B	TAGW17B	ONE SIZE	4X44F

### Properties

These sleeves / cuffs are designed to protect against mechanical risks. They are compliant with general requirements for protective gloves / arm protection in accordance with the European Regulation (EU) 2016/425 and European standards EN420 and EN388. For additional information please contact customer services: +44 115 961 9555.

### Packaging & Storage

For protection during transport and storage, these sleeves / cuffs are packed in individual pairs, polybagged in bundles and placed in card-board outer cartons. Store them in a cool, dry place away from direct sunlight, radiant heat and chemicals.

### Disposal

Used sleeves / cuffs may be contaminated with hazardous materials. Please dispose according to your Local Authority Regulations, landfill or incinerate under controlled conditions.

**An EU Declaration of Product Conformity is available at [www.tornadogloves.com](http://www.tornadogloves.com) or by contacting Tornado Gloves directly.**
