Pictogram and performance levels

EN 388 : 2003

2 1 4 2 Performance levels

- Puncture resistance
- Tear resistance
- Cut resistance
- Abrasion resistance

Pictogram and performance levels acc. to EN 388: 2003 (highest performance level: 4 / Cut resistance: 5)

All levels only apply to the coated areas of the glove.

The total classification of gloves with two or several not connected layers shows not necessarily the performance level of the outer layer.

Cleaning No cleaning or care recommended

Storage Store in a dark, dry place.

Handling New and used gloves should be thoroughly checked to ensure that they are not damaged (e.g. incisions, holes).

We are not aware of any substances in this product that could cause an allergic reaction.

Warning Gloves should not be worn where there is a risk of being caught in moving machinery parts.
